

a) In the advertisement the perspective on travel is that it is the time to enjoy, escape and time to catch up on lost Romance. The use of the words "Romantic", "Escap", "Sunset beach" they all emphasise this perspective. The use of the financial figure "\$450" also ~~is~~ conveys the perspective of a holiday as being cheap and affordable. The use of the beautiful imagery such as the beach, Sun, Sand, water, a couple in summer wear with smile on their face, again emphasise that it is a fantastic time and a happy time that is what travel is about. Also the use of point form to outline and emphasise features of a holiday "Chilled wine", "Candle life ^{at} diner" also shows the perspective of a holiday being a "Spilling" time.

b) In text two perspective on holiday is communicated through the use of images, language such figurative and literal language, also the use of the financial figure shows the perspective on a holiday. The use of point forms to outline features of the holiday. Also through the use of the ~~two~~ couple walking on the beach

shows how happy they are all these feature emphasise the perspective that it is time of happiness, fun, romance and enjoyment. In text three it is talking about not being scared to test your limits. The use of the image of the Camels show that perspective on travel as an Adventure and as good as you want it to be. "taking first step" shows the perspective that you have to make a decision and then enjoy going traveling it is not dangerous in text four shows that travel can be done on the internet. ~~the~~ perspective is that you don't need to travel.

C) A Holiday!! What is a holiday? It is an adventure a time to enjoy your self. Going on the Camel ride is very easy it is not dangerous. It ~~was~~ is not any dangerous than crossing the street or eating peanuts. At some stage of our lives we need to take that first step, it is so easy all you need to do is to make a decision and go on this trip. It will be a life time experience like no other fun, adventurous and you will learn many things about your self. It is the trip to take to find how you are? what

are your goals in life and how strong your self is.
So allow your self to be strong, and powerful. It is
cheap and affordable and you also learn how to ride
a Camel "The ship of the desert" So all you need to
do is make that first step and make the decision because
it is beautiful, safe, entertaining and adventures.
So go!!! I recommend IT
