

Good morning everyone. Today I want to ~~indac~~ introduce a Project to everyone. This Project call "Rocky Creek Regeneration Project". I hope after my speech ~~on~~ someone interest this Project and joint this Project with me.

This Project you just ~~have~~ need spend a few hours next two weekend. It's not cost to much time on it. This Project will start each day at 10 o'clock but you can't come on time, ~~whenever you can.~~ You can come whenever you can.

This Project major work is remove rubbish and weeds, plant native trees, repair barbecue and picnic facilities. Those works not very hard, you can learn how to do very quickly.

This Project is ~~protect our~~ good for our environment. I think

Someone want to liveing a good environment, and have a ~~go~~ beautiful place for picnic. This project is do all this thing. Many other school student will joint this project, we will work together, then we can meet many new friends.

This project will be very funny and would learn something more. I hope many student interest it. If want to joint the project after assembly talk to me please, I will mark down the name.

Thank you everyone!
