Conclusion: ?

I am here today to speak to you about a project that relates to the whole school and the community. The Rocky Creek Reserve trust has asked for any volunteers to ~~join~~ participate in a project to save the Rocky Creek Reserve.

The Rocky Creek Reserve has a very long history and many people ~~grew~~ grew up in our community have visited this beautiful Reserve. However, the lack of funding and <sup>unplanned</sup> urban development and overused of the ~~facility~~ facilities have made the Reserve less attractive. Thanks to the new management, now the trust has devised a project involving you and me to ~~save~~ save the Rocky Creek Reserve. The project involves <sup>removing</sup> ~~to remove~~ rubbish and weeds, plant native trees and repair barbecue and picnic facilities. The project will commence as soon as enough volunteers ~~have~~ <sup>gathered</sup> are ~~needed~~. I remember once I went to camping with my family when I was ~~just~~ little

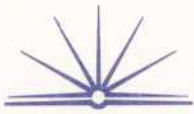

in the Rocky Creek Reserve. It was one of the most unforgettable experience I had ever have. I still can record the beauty of the natural environment and those very cute wildlife inhabited in the Reserve. So come on and do a little bite of contribution to our favourite Reserve. With the help of you, a more attractive, clean and people friendly Rocky Creek Reserve will be again become part of our life.

Work for the project will start each day at 10 o'clock but anyone is welcome to come whenever you can. I have already put my name down, <sup>the same</sup> ~~as~~ as many others, so why shouldn't you. Finally, to celebrate the completion as well as to thank ~~of~~ those ~~is~~ kind volunteers, a free, I repeat, a free barbecue is to be hold at Rocky Creek on Sunday 2nd December at 6 pm.

For further information contact Sue on 1800 623 004. Thank you for listening and your

patient, I look forward to see you during the  
project. Thank you.
