

Section II - Question 3

A very good morning to the school principals, supervisors, teachers and students. I am very glad that I have this opportunity to give a short talk to everyone here. The topic that I am going to talk about is "Rocky Creek Regeneration Project".

As we all know, Rocky Creek Reserve is no longer used by the community. It had been driven off from people's mind. Many people tend to not caring of it anymore. So, that's the reason why I am here to share with you about ^{value of} the project. I need help from all of you to make this project to a success.

We need volunteers to make this one popular picnic area live again.

Well, let me ask all of you here a question. Do you have a few hours to spare over the next two weekends? Only a few hours! Let's gather a group of friend together and help us to do something for the Rocky Creek.

We need volunteers to help and ~~to~~ remove rubbish and weeds. This is the most difficult things for all of you, but it's all for our future lives.

Then, we need people to plant some native trees. This is because recently that's a huge reforestation by the local producers. Many trees had been cutted off. Lastly, we need people to repair the barbecue and picnic facilities. It will be useful in the futures. ~~We~~ We will work each day at 10 O'clock and you are welcome to come whenever you can.

After all the cleanliness activity, we are going to celebrate the completion. There will be a free barbecue at Rocky Creek for ~~all~~ all the volunteers. It's free at all. This event will held on Sunday 2nd December at 6pm. For any information, please kindly contact Sue on 1800 623 004.

Well, I think that's all for today. We are hoping to see you people here on the day the activities. We will ~~to~~ always welcome you to

join us. Thank you very much for your
co-operation with me. Once again, thank
you and see you there.
