

Question 3:

~~Dear Sir / Madam,~~

Some where

Coordinator of Youth Activities.

23 / ~~May~~ / 2002

Coordinators in high school.

Dear Sir / Madam.

I am the coordinators of Youth Activities at Big Mountain Ski Resort. I really wish to attract school groups to my resort.

I will tell you about how good is this resort.

The place is in 526 km from Sydney. Good season for ski is in June - October. So, now is really good time to make booking. The longest run is approximately 4 km. And highest lift point is 2103 m. We also have lots of instructors, about 250. So if someone never do ski before,

the instructors can teach you how to ski. About the weather, it is very cold during the winter, It's about -2°C .

But 70% is fine weather during the winter.

Even if you can't do ski, you can do snowboarding. But you can't do Heli-skiing in our resort. Other Activities, you can do, Alpine skiing, Night skiing, Snowcat skiing, snow tubing, and also Cross-country for 16 km.

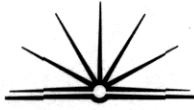

It is good to come here with school Group. You can get discount for lift and lesson passes. And also hire rates.

It's free of charge ~~for~~ passes and / or hire to groups meeting certain criteria.

So, you can save your money!!!

Also only one person needs to queue to pay for passes and / or hire. Queue priority in lift lines during lesson time.

So you can save you time!!!

Are you interesting about this??

If you want more detail please
contact me.

Yours faithfully,
