(a) Refer to Source C.

Draw a simplified choropleth map to show the distribution of deprivation in Christchurch. 3

KEY

Most deprived

Mixed

Least deprived

Question 17 continues on page 14

Question 17 (continued)

- (b) Refer to Sources C, D, F, H and I.

From these sources, name TWO locations within Christchurch that demonstrate different urban dynamics, and account for these differences.

6

Within Christchurch the urban dynamics account differences like Hornby which demonstrates a mixed outlook of the city therefore when you look at Linwood it is highly most deprived in the surrounding city. This urban dynamic of the most deprived is hard for income and government benefits; unemployment rates unavailable there for Hornby does supply some access to a lot more this in the urbanised city.
