Question Number: **23**

23 a. drop down menus, check boxes and icons have been used to avoid data being entered twice. The data is specific.

b. to make the website more interact-ive, visually and hence engaging.

c.

```
'My Foot Print'
                       ↗‾‾
                  ↗‾
               ↗
            ↗
         ↗
      ⌐+++++++++
          CO²
Household Transport Avg.
Total:—  Total:—    ‾‾
```

d. the calculator should organise the data in a way that can be put into information. Data should be processed by looking at the CO_2 emissions and mathematically determining the footprint average, transport total, house hold totals. The calculator needs to make sense of the data it has just collected.
