

ii) Speer became Armaments Minister in 1942. From the beginning Speer was "dazzled" by Hitler and would support him for all causes.

By 1942, things began to deteriorate. Speer ~~was~~ had difficulties in saving the war due to Nazi ideologies and other obstacles.

Nazi ideas were the women were to be the mother of children to produce the aryan race. Speer wanted the women to help with the war by working in factories to produce products for the war. Hitler also ~~was~~ did not want the war to affect the civilian people of Germany. This affected Speer's idea for 'Total mobilisation' of the war to win.

~~He~~ During the last few months of the war, Speer (and others) knew that the war was unwinnable. He secretly tried to preserve all objects of need in Germany that would help the survive and restart. This was all against Hitler's "scorched earth" policy where ~~he~~ <sup>he</sup> wanted all possessions of worth to the Allies to be destroyed.

Speer had finally broken free of ~~the~~ Hitler's bedazzlement and thought to save the country and its people,
