

(11)

Albert Speer did serve Hitler and the German war effort without question. and through this passive obedience Speer was able to succeed in his ambitions and ^{have} drastically ~~had~~ a drastic effect on the Nazi war effort.

~~In 1941 Speer was~~

In 1942 Speer was appointed the Minister ~~for war and~~ for Armaments and munitions. He reorganised the system and infrastructure of the weaponry industry.

He created rings and committees which increased production. Main committees were responsible for the production of weapons and the rings represented the raw materials and parts.

Through this reorganisation productivity increased and became largely more efficient.

As Speer was appointed the assignment to rebuild the German capital he was responsible for the forceful removal of Jews. The east-
his rebuilding required massive amounts of

workers. ~~but~~ ~~as~~ Initially they were taken from the German labour force but as these men were conscripted, Speer ~~is~~ utilised the ^{from occupied European territories.} prisoners of war, ~~as~~ ~~that~~ violating the Geneva Act. Not only did Speer allow prisoners of war to work as forced labour but he ~~can~~ complained as only thirty percent of Russian prisoners were committed to his forced labour.

Speer was responsible for extending the war by a year and ~~a total~~ he helped to stop Hitler's scorched earth policy by travelling to the front to convince commanders to disobey Hitler's orders.

Speer attempted to convince Hitler that the war was over to no response. ~~and~~ when in 1944 he showed Hitler lists of the decline in production of weapons and tanks.
