Outline how the experiences of trench warfare changed soldiers' attitudes to the war over time.

The experiences of trench warfare changed soldiers' attitudes to the war over time as the conditions were very poor. Source D talks of the 'miserable men' due to the cold, wet & muddy conditions. The lack of food supplies/warm food also made it difficult for the men to keep a positive attitude. Source B talks of 'ammunition boxes & corpses' within the trench and that 'everything here is wet & smelly'. These poor conditions in the trench warfare are what lowered the ^{soldier's} ~~men's~~ spirit in fighting, their attitude became negative.
