

- (b) Argue the benefits of applying the Ottawa Charter to ONE health promotion initiative.

The benefits from applying the Ottawa Charter a health promotion initiative ~~is~~ are major. If you didn't apply the Ottawa Charter to your health promotion it wouldn't really work, because you need the resources to good health care and funding and donations also good advertisement to get it up and running.

It helps the health promotion to make money so they can provide good health care to people that really need it and also they have quality equipment and machines to properly cure people with their illness or disease ~~is~~ or if they are just really sick.
