# Question 3

Which of the following is the correct sequence when undertaking social research?

A ✗ Collect information, develop a question, communicate findings, interpret information

B ✗ Collect information, develop a question, interpret information, communicate findings

C ✗ Develop a question, collect information, communicate findings, interpret information

D ✔ Develop a question, collect information, interpret information, communicate findings

HSC Statistics on this Question:

	Band 1/2	Band 2/3	Band 3/4	Band 4/5	Band 5/6
A	4%	4%	2%	0%	0%
B	8%	9%	6%	6%	1%
C	31%	18%	9%	7%	1%
D	58%	69%	83%	86%	98%
N	0%	0%	0%	0%	0%

The table and graph show, for the groups of students whose marks in the examination corresponded to the borderline between two bands, what percentages of each group selected the responses A, B, C and D. N is used to identify: No valid response.

Note that apparent anomalies in the table and graph, such as 0% or 100% of students choosing a particular response, can occur when there are no students (or very few students) who scored the particular

examination mark associated with that borderline.

examination mark associated with that borderline.
