(c) Catholicism is closely related to peace and ~~of~~ conflict in the world as the Bible of which all baptised have promised to live a life of peace and ~~to~~ love and to "forgive those whose trespass." In Gods statement he proclaims to turn your cheek if one has done such harm to hurt you resulting on the idea that conflict is not accepted resolving ~~the~~ but by turning your cheek. metaphorically speaking for forgiveness.

Prayers and reconciliation are related to peace & conflict. as reconciliation to God presents the idea that conflict may be avoided within yourself and relation to God.

Church on Sunday ~~is~~ is highly important to Catholics. Church symbolises ~~the~~ and recognises the community ~~community~~ coming together in song of praise, and prayers of peace fixing the idea that society & the community are worshipping for peace with an exclusion of conflict.
