

Question 22 (5 marks)

With reference to the illustration and your own knowledge, explain TWO reasons why an individual may explore new religious expressions and spiritualities.

Many people would like to feel personal fulfillments, to experience new things and to not have to follow the religion and ethics their parents may have grown up with. Seeking personal fulfillment makes an individual feel closer to his or her God, if choosing to not believe in God than the individual may chose to believe everything in the word can be proven by science.

Ultimately individuals who explore new religious expressions and spiritualities want to feel personal fulfillment as well as experience new religions which may fit them and what they believe better.
