

Question 22 (5 marks)

With reference to the illustration and your own knowledge, explain TWO reasons why an individual may explore new religious expressions and spiritualities.

A person may explore new religious expression for a number of reasons.

Some may have found that they are only apart of their current religion because they are born into it & not because of their belief.

Others may feel that their religion doesn't answer the questions or needs of the believer & seek personal fulfillment in other places.

Some may find the need to explore new spiritualities due to they find the present one wanting.

To explore ones belief, helps to enable the individual to realise their true faith & values of belief.
