

Question 22 (5 marks)

With reference to the illustration and your own knowledge, explain TWO reasons why an individual may explore new religious expressions and spiritualities.

One may explore new religious expressions and spiritualities because the rigidity of 'traditional' religion is not applicable to their life. One may see the 'rules' or ~~be~~ ethical guidelines ~~as~~ as too restricting in this contemporary world. As seen in the illustration the man and woman sitting down do not fit in to the religious hierarchy event in the background. New religious/spiritualities are more readily explored because they are more readily available. As seen in the illustration the traditionally religious are not talking to the woman, but instead the man is (who appears to have no 'traditional' affiliation).

Individuals are exploring new expressions as many are ~~at~~ adaptable, in the sense that they meet the needs one requires, without imposing unattainable ethical responsibilities, ~~on adherents~~ ~~or~~ practices or requirements on adherents.
