

**Question 11 — Australian Textile, Clothing, Footwear and Allied Industries**  
(5 marks)

- (a) Explain how Australian clothing manufacturers have responded to changing consumer demand for sun protection factor clothing. 2

Australian has many experience that to improve for the sun protection factor clothing because they try to run down a best product and do the experiment how to make design a clothing for sun.

- (b) How has Australian government legislation influenced Australian textile industries to select processes and resources that have a reduced impact on the environment? 3

not many so far because Australian government has a concern that Australian textile is a modern fashion textile for a Australian that nothing going to impact the environment they recycle all the stuff by sending to overseas.
